Notice of Public Meeting

St. Clements Shores Water System Replacement Phase 1

Capital Improvement Project No. 2101WR

In accordance with Section 113-5 of the Code of St. Mary's County, the St. Mary's County Metropolitan Commission (MetCom) will hold a Public Meeting to notify and inform the community regarding the proposed **St. Clements Shores Water System Replacement Phase 1 Project No. 2101WR**. This project is MetCom's first phase of the St. Clements Shores' waterline replacement efforts that include systems on Lady Baltimore Avenue (from Long Leaf Lane to St. Clements Avenue), Potomac Avenue, Compton Street, Nomoni Street, Wicomico Street, Breton Street, Red Oak Road, and the following streets south of Lady Baltimore Avenue: St. Clements Avenue, Leonard Street, Gore Street, Colton Street, Cedar Street, and Archer Street. The water system within the St. Clements Shores subdivision was originally constructed in the 1950s and requires replacement.

The project will include the replacement of approximately 10,400 linear feet of water line with a new water system comprised of 12-inch, 8-inch, and 4-inch water mains. Increased depth of pipe burial, ample isolation valves, sixteen (16) fire hydrants, appurtenances and associated restoration are also included in the design to provide a more reliable system. Project construction is anticipated to start approximately April 2017. The estimated total cost for Phase 1 of this water system replacement is \$5,498,000.

The Public Meeting will be held on Tuesday, October 4, 2016, at 6:30 p.m. in the Main Conference Room of MetCom's Administrative Office - 23121 Camden Way, California, MD 20619. The proposed contract documents, which include plans and specifications, can be inspected at the time of the meeting or at MetCom's Engineering Department office, location noted above, from 8:00 AM to 4:00 PM Monday through Friday.

All interested persons are invited to attend this Public Meeting to ask questions or present their comments and suggestions regarding this project. Please contact the Metropolitan Commission offices at 301-737-7400 Ext. 301 for more information, or if you cannot attend the meeting and would like to submit questions or provide comments.
