

ST. MARY'S COUNTY METROPOLITAN COMMISSION
INFORMATIONAL PUBLIC MEETING ON
THERMAL EXPANSION TANKS

Location: Mechanicsville VFD - Mechanicsville

Date: Monday, November 17, 2014 at 7pm

MetCom will hold a meeting on backflow prevention devices which may be installed by MetCom, as part of the Water Meter Project, at residences which currently do not have a device in place. Backflow prevention devices are regulated at Federal, State and local levels. The meeting will also address the recommended thermal expansion tank, which may be optionally installed by the homeowner. Following the presentation of this information, a question and answer session will follow.

Should you have any questions about this information please contact David J. Elberti, P.E., Chief Engineer, at 301-737-7400 extension 301 or email at amr@metcom.org.
